# PT 200

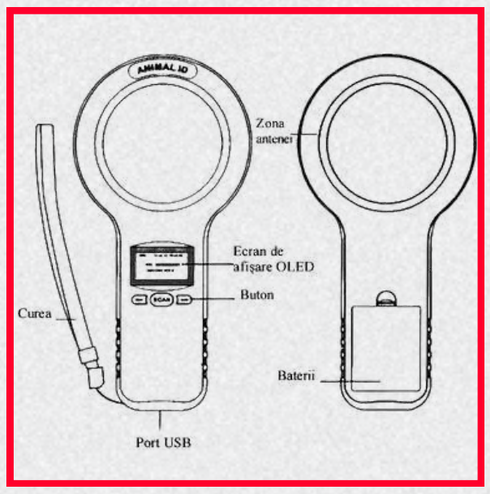

## PRODUCT DESCRIPTION

PT200 is a professional portable RFID reader developed for animal identification applications in farms, veterinary clinics, and pet management. It is a robust, ergonomic, and highly efficient device, capable of reading ISO 11784/11785 FDX-B and ID64 tags, offering superior reading distance and extended battery life. Featuring a 1.54″ OLED display, internal data storage, and a multi-language menu, the PT200 is the ideal solution for users who require a high-performance, reliable, and easy-to-operate reader.

## PRODUCT SPECIFICATIONS

Operating frequency: 134.2 kHz

Compatibility: ISO 11784/11785 FDX-B and ID64

Reading distance: up to 20 cm

Display: 1.54″ OLED screen (128 × 64)

Internal memory: stores up to 1,000 codes

Power supply: 3 × AA batteries

Connectivity: USB (data transfer + keyboard emulation)

Weight: 310 g

Dimensions: 25 × 12.6 × 3.1 cm

Operating temperature: -30 °C to +50 °C

Processor: ARM (STM32)

Additional features: advanced menu, recording options, continuous scan mode, date/time setting, sound mode, record deletion, firmware update
